

WORLD HEALTH DAY – PROGRAMME REPORT

Department of Public Health Dentistry, MGPGI observed the World Health Day in keeping with the theme “Health begins with clean hands” on 07th April 2016.

The organizing team consisted of Dr. S. Saravanan, Professor & Head, Dr. K.R. Lenin, Assistant Professor, CRRIs Ms. D. Jenifer Anne Mary, Ms. B. Kesharthini, Ms. N. Mehreen Kulsum, Ms. M. Ramya and Mr. M. Kowtham Raj.

The programme was aimed at spreading awareness about “Hand washing technique” among the public. The event took place in the ground floor, OPD lobby of our Institution. The programme was conducted between 8.45 am and 11.45 am.

149 members participated in the programme. There were 121 (Male – 65, Female – 56) adult members and 28 (Boys – 16, Girls – 12) children. It included patients and accompanying persons.

IEC materials (Posters) were displayed in the OPD lobby and health education pamphlets were issued. The poster disseminated information on dimensions of health whereas the pamphlet contained information on hand washing technique in the form of diagrams with foot notes for better understanding and adoption.

The CRRIs explained the step by step procedure of hand washing technique to the patients and public. Also, they stressed the importance of inculcating this methodology everyday before having food as a life style behavior modification.

Prof. Dr. V. Ramesh, M.D.S., Dean, MGPGI visit the programme and encouraged the team members. Sir also advised to issue few copies of the pamphlets to all the departments so as to enable the students to practice the same.

A glimpse of the programme photos have been enclosed.
